Intervention Insider

J W Long Elementary

Fall Back into School!

We are so excited about the 2011-2012 school year! As interventionists at Long, we are specialists in our content areas. We absolutely love what we do! We have the opportunity to work with students across all grade levels each year. This allows us to really get to know your students and their strengths and weaknesses in both reading and math and follow them through their learning journey at Long. We hope you are as excited as we are about this school year! Please feel free to contact any of us!

Reading Review

Mrs. Campbell and Mrs. Reed are the two reading specialists. Mrs. Campbell has been a reading teacher and interventionist at Long for the past 7 years. Mrs. Reed has been teaching for 12 years and this is her 3rd year at Long as an interventionist.

Both reading interventionists have a lot of experience and training in helping struggling readers excel as well as in helping classroom teachers better intervene in the classroom.

We also have enrichment

Math Mania

Mrs. Green and Mrs. Guercia are the math specialists at Long. Mrs. Green has been teaching in Terrell for 14 years and has been a math interventionist for 4 years. Mrs. Guercia has been at Long for 5 years and this is her second year as a math interventionist. We are also very proud to announce that she just received her Masters in elementary education with an emphasis in math!

The math interventionists are both passionate about numbers and help students achieve a clear understanding of mathematical concepts.
