

WHAT IS STUDY ISLAND?

Study Island is an instructional and diagnostic tool that enables teachers to help students master the state standards and prepare for their state tests.

The more time students spend using the Study Island program, the better they will understand the material for their respective grade level. Students can access Study Island from any computer that is connected to the Internet.

- Web-based instruction, practice, assessment and reporting built for Texas standards
- Rigorous academic content that is both fun and engaging
- Research-based with proven results for all students
- Easy to use (in the lab, classroom, library or home)

Student accounts are created at their campus. For home use:
