

PARENT PORTAL

The Terrell Independent School District is committed to providing parents with the information that they need to help their students be successful. We have procedures in place which allows parents access to attendance, schedules, grades and other student information.

The Infinite Campus Student Data System provides a comprehensive Parent Portal. Parents may establish an account in the Parent Portal and through that account access up to date, key information about all students in their family.

The Student Data System can be a powerful tool to assist parents and teachers to work together for student success. Terrell Independent School District is committed to providing such tools and fostering such cooperative endeavors.

Access to the portal is a free service; access to a computer with internet connection is the only requirement. Parents of current TISD students are eligible to activate a Parent Portal account, after agreeing to the terms and conditions of use.

To set up an account on the Portal, please email the contact information of your children to parent.portal@terrellisd.org Please include your student's name(s) and home address in your email.

You will receive a return message with the link to TISD Portal, your user name and password. A link to the Portal is also on the TISD webpage at www.terrellisd.com

Many of your Portal questions can be handled by contacting your student's home campus. Questions regarding grades, please contact the teacher. Questions regarding attendance, please contact the school's attendance office.

Thank you for helping Terrell ISD promote educational excellence and improve communications with parents and students.
