

The following sessions were offered **last** summer and throughout the school year. All of the following offer a \$100 per day stipend for eligible teachers and instructional coaches. A verification form will be required as proof of a current teaching assignment in the area of the training. Participants can only receive one stipend per training. If the participant attended last year, they are ineligible for the stipend this year. Participants must attend the entire event to be eligible for the stipend. For example, if an event is 3 days, participants must attend all day for 3 days. No partial stipends will be paid.

English I & II EOC Success

Date	Time	Host	Location	Address	Room
May 2	8:30-4:00	Region 10 ESC	Spring Valley Bldg.	400 E. Spring Valley Rd.	Ellis Room

To register for these or any other Region 10 events, please visit www.region10.org and click on **Workshop Registration** under **Quick Links**. Enter the date of the session in the search box and click **GO**. Click on the title of the session and then **Register for this Event**. Host districts will have access to priority registration two weeks prior to April 10th. Host districts will receive a password for registering.

If you have questions about teacher eligibility, or if you need additional information about statewide professional development offerings, please visit www.region10.org/statewidePD. Stipends are paid approximately 8 weeks after attending the training. A signed W-9 and teaching verification form will be required at each session that offers a stipend. Teachers may waive stipends due to ineligibility or if they prefer to gain professional development credit only (some districts will not allow teachers to receive a stipend and use the days as staff development). Stipends will only be paid to those who attend all of the required days of the training and submit all forms.
